NYC & NJ Moving Checklist

A&D Brothers Moving

A week-by-week plan from a family moving company on Staten Island.

4 WEEKS BEFORE

- [ ] **Pick your date.** Weekdays and the middle of the month are easier to book.
- [ ] **Get a free quote.** Send photos or a list of your things, or do a short video call.
- [ ] **Ask your building.** At both addresses: move hours, elevator booking, and if they need a certificate of insurance (COI).
- [ ] **Sort your things.** Decide what to keep, sell, donate or throw out. Less to move means fewer hours.
- [ ] **Get supplies.** Boxes, tape and packing paper. Or ask your movers to pack for you.

2 WEEKS BEFORE

- [ ] **Reserve parking.** Some towns reserve curb space for the truck. Hoboken sells temporary "No Parking" signs and asks for at least 8 days' notice.
- [ ] **Start packing.** Start with rooms you use less. Write the room on every box.
- [ ] **Change your address.** USPS, bank, insurance, DMV, employer and subscriptions.
- [ ] **Set up utilities.** Electricity, gas and internet at the new home.
- [ ] **Send the COI details.** Forward your building's insurance requirements to your movers.

1 WEEK BEFORE

- [ ] **Measure.** Large furniture, doorways and staircases. Tell your movers what may need to come apart.
- [ ] **Confirm.** Date, start time and both addresses with your movers.
- [ ] **Pack a first-night box.** Chargers, medicine, documents, bedding and toiletries. Keep it with you.
- [ ] **Empty the freezer.** Use up frozen food and defrost the fridge the day before.
- [ ] **Set valuables aside.** Cash, jewelry and important papers travel with you, not in the truck.

MOVING DAY

- [ ] **Clear the way.** Keep the driveway or the curb in front of the door free for the truck.
- [ ] **Walk through.** Show the crew lead every room, plus the basement, garage and closets.
- [ ] **Point things out.** Show what is fragile and what is staying behind.
- [ ] **Last look.** Check every room, closet and cabinet before the truck leaves.
- [ ] **At the new home.** Tell the crew where each piece goes and look everything over before they go.

Not sure it will fit down the stairs?

We can do a free visual estimate before moving day, by video call or in person. We look at the furniture, the doors and the staircase, and tell you what fits and what we need to take apart.

Get an exact quote, not a guess

The more your movers know before moving day, the closer the price is to the final bill.

TELL YOUR MOVERS

- [ ] **Your floor.** Elevator or walk-up, and how many flights.
- [ ] **Parking.** How far the truck can park from your door.
- [ ] **Big items.** Piano, safe, treadmill, large mirrors or anything very heavy.
- [ ] **Everything you have.** Rooms, plus the basement, garage, shed and storage unit.
- [ ] **Building rules.** If your building asks for a COI or allows moves only at set hours.
- [ ] **Packing.** Do you want the crew to pack everything, only the fragile things, or nothing.

ASK ANY MOVING COMPANY

- [ ] **Are you the mover or a broker?** Brokers sell your job to another company.
- [ ] **Is the price hourly or flat?** And what is the minimum number of hours?
- [ ] **Is there a travel fee?** Ask what it is and when it applies.
- [ ] **What is included?** Blankets, wrap, taking furniture apart and putting it back.
- [ ] **Are you licensed and insured?** And can you send a COI to my building?
